AELITE 180Ci
CUSTOM INSTALL SERIES

Acoustic Energy presents the AELITE Custom Install Series. Our flagship range of In-wall and In-ceiling loudspeakers.

Designed to combine the best in high end high-fidelity audio with ease of installation and unequalled value.

All AELITE Ci Series loudspeakers are pre-primed with a white ready-to-paint finish. Standard “dog leg” fixings and cut-out guides are also included.

Features

- Extended frequency response
- Long excursion woofer for high power handling
- High fidelity crossover components
- Die-cast woofer chassis
- Double-roll super high quality tweeter
- Fully magnetically shielded
- Alloy cones for detail and clarity
- Swivel tweeter mounting for optimum sound direction

Complete with manual, cut-out guide template, paint cover, grille and removable badge/logo.
